Get this from the library! Elements of workshop technology. Volume. 1, Manufacturing processes. [SK Haira Chowdhury; A. K. Haira Chowdhury] The following conditions must be met for the successful implementation of production processes: first, it is necessary that these processes be carried out using the most efficient means; secondly, it is necessary that these means be chosen and applied taking into account the most rational nature of the processes; thirdly, it is necessary that these funds be made available to performers who have the appropriate knowledge for their correct use.
